VOLUNTEER DRIVER

August 2019

Based in the Northeast Kingdom of Vermont, Rural Community Transportation (RCT) is a nonprofit organization working to ensure that our community members have access to medical appointments, school, work and local programs, services and resources, by offering bus, van and volunteer driver services throughout our rural communities in Caledonia, Essex, Lamoille and Orleans counties.

RCT is currently seeking volunteer drivers throughout our service area.

Volunteer drivers provide a vital connection to individuals in their community by giving a ride to medical, social services, or other daily needs. If you have access to a reliable vehicle, enjoy driving and meeting people, become a volunteer driver! Drivers are offered reimbursement at the standard IRS mileage rate for each trip. It's a great way to feel good, giving back to your community.

When you become a volunteer driver for RCT, you provide cost effective transportation to community members in need of a ride.

As a volunteer driver, you decide how often you can offer transportation. Most trips are centered on medical needs, providing access to appointments like dialysis, radiation treatment, physical therapy and more. You may also provide access to other appointments, rides to senior centers, affordable food locations, counseling, prevention treatment, or various human services programs.

While most appointments are local, others can be as far as Dartmouth or Boston. You can determine the range of transportation service you are able to provide.

Please call RCT at (802) 748-8170 or email for more information.
